DEDICATION

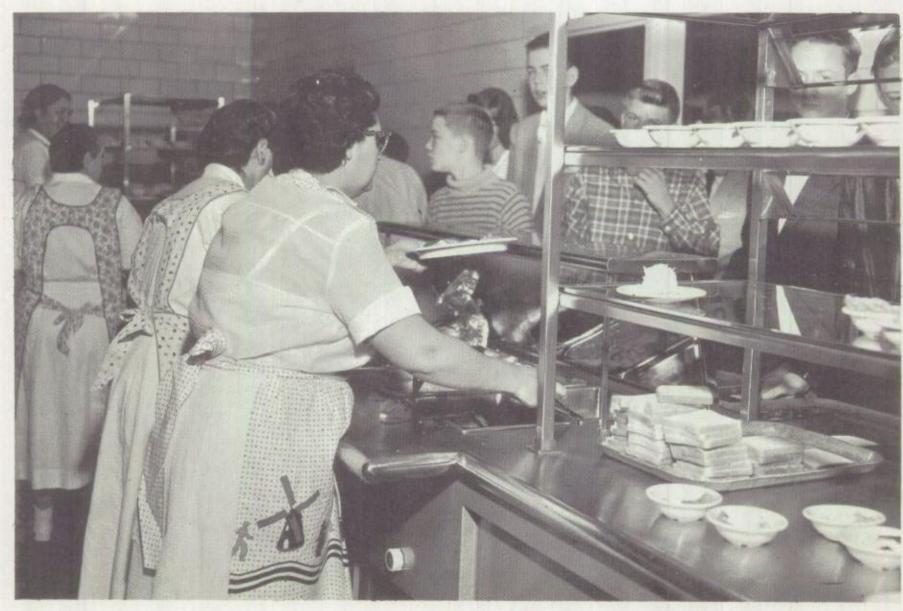

WE, the Senior Class of nineteen hundred and fifty-nine, have the honor and the privilege of being the first class to graduate from the new Madeira High School.

The Seniors of '59 are proud to dedicate this yearbook to the community—churches, businesses, parents and teachers—of Madeira, in appreciation for the superior advantages of education which they have provided for the students of Madeira.

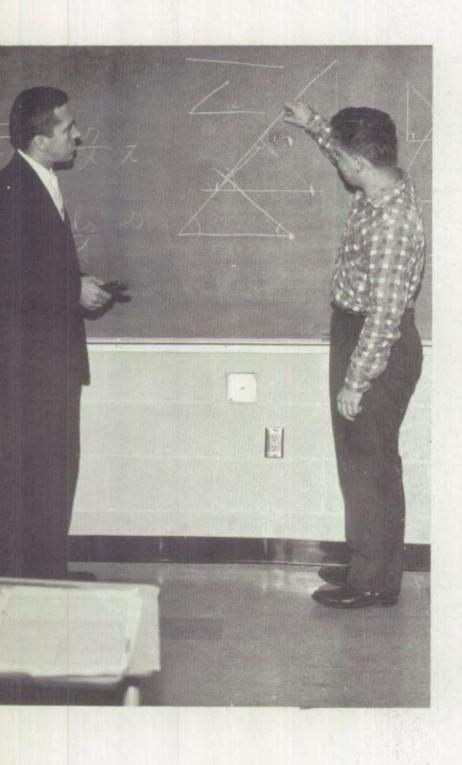

THE NEW M.H.S. has many facilities, both old and new, to offer the high school student. Some of these are pictured here. The students gradually became accustomed to different ways of high school life. It is a fact that all Madeira High School students enjoyed swinging into the new routine of building to building, as well as class to class daily life.

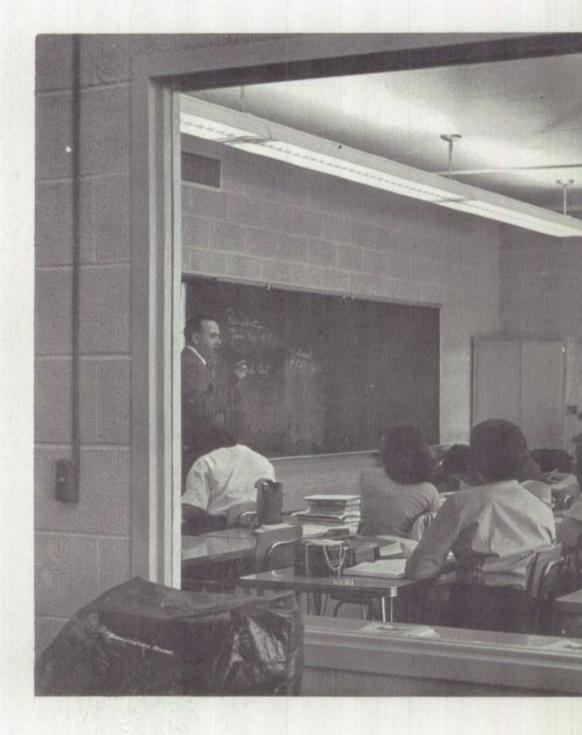

CLASSROOM SCENES took on a bright fresh look housed in their new buildings. Teachers also felt rejuvenated in their new homes. Each department had many grand additions, including everything from new typewriters and fume hoods to shop machines and pink refrigerators.

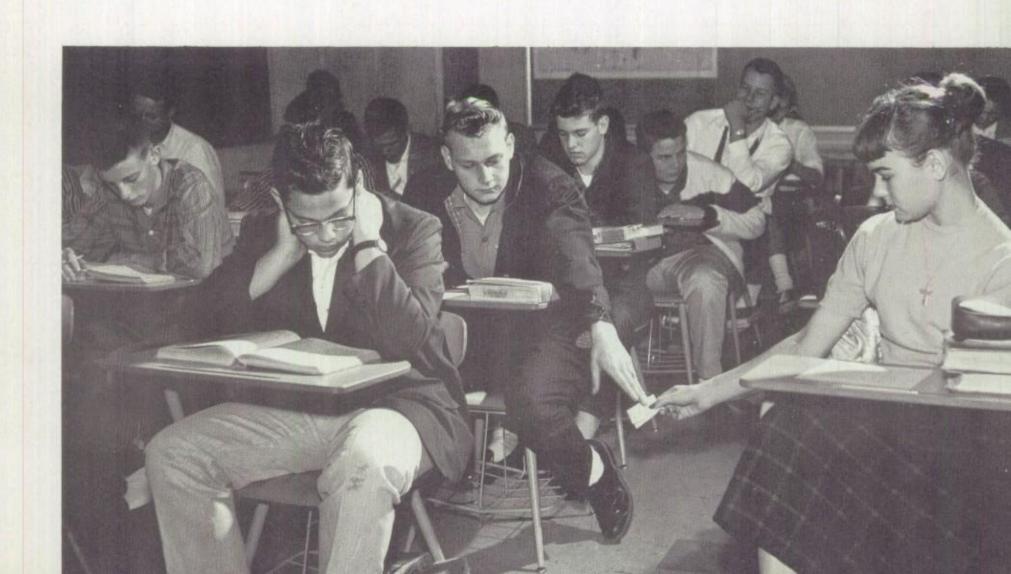

Basically, school life at M.H.S. is the same, but some new features have been added. New fads and phrases of all types were enjoyed throughout the year to help make the first year at the new high school a memorable one.

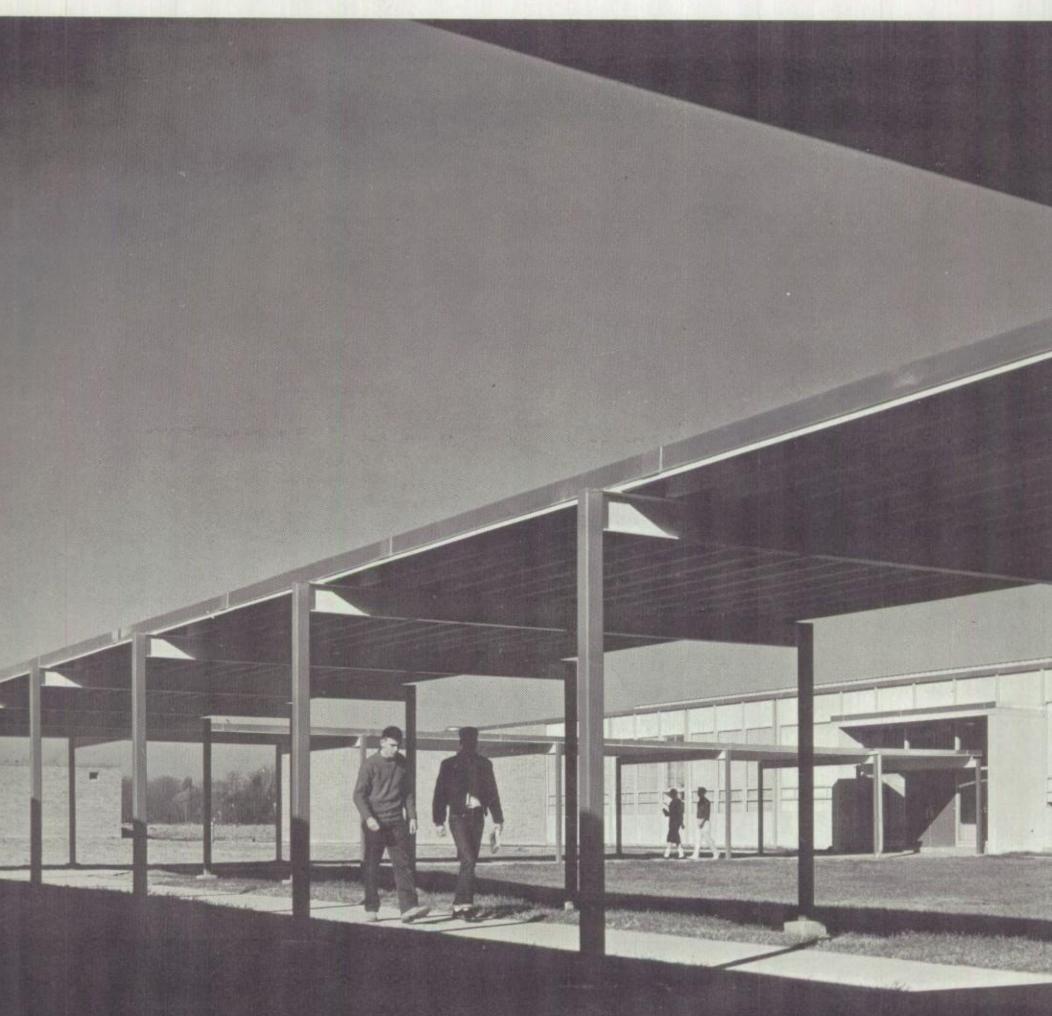

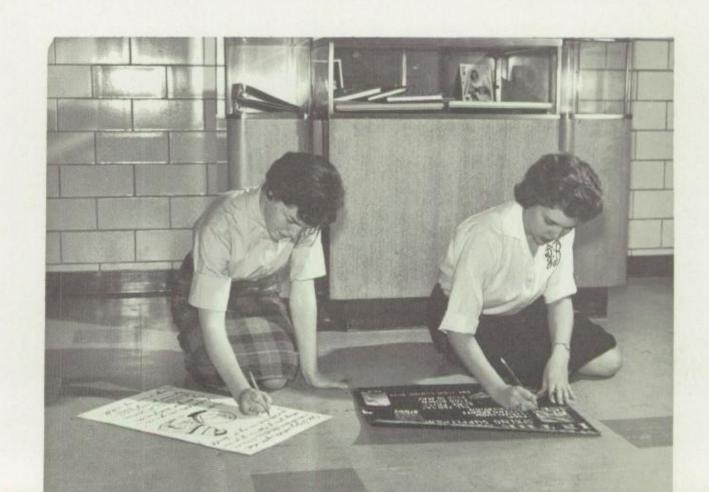

Madeira student activities are centered around the five buildings of the high school campus. The new and different covered walkways and one story buildings prove that Madeira is truly a community with modern ideas for modern education. New activity centers inside as well as outside are enjoyed by students and teachers alike.

MADEIRA STUDENTS enjoy the new gymnasium and sports equipment, both indoors and out, to the fullest possible degree. This year it seems that the new school brought new life and vigor to the M.H.S. Mustangs. The football team reached a peak not excelled in quite a few years. Madeira sports participation is respected highly by all schools.

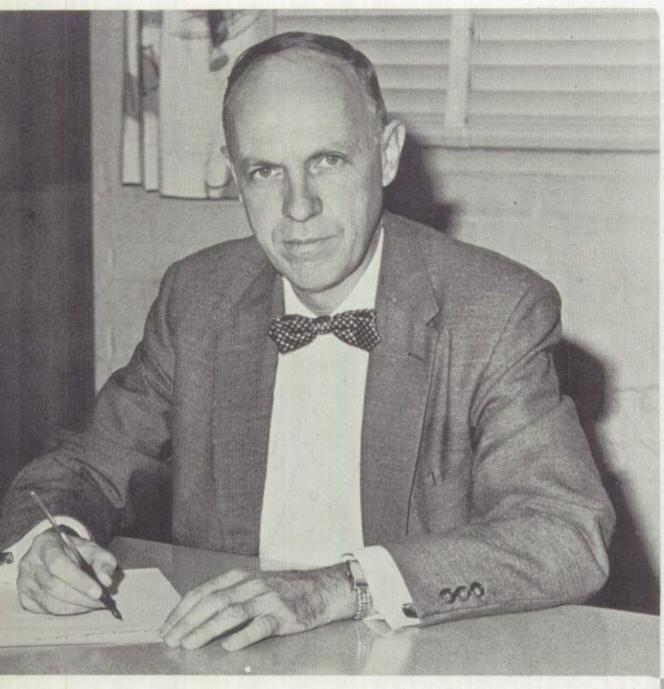

ADMINISTRATION

Mrs Anita Frankenberg fulfills an important capacity as clerktreasurer of the Madeira Schools. She spends many of her evenings attending Board of Education meetings.

MR. W. MARSHALL SELLMAN Superintendent of Madeira Schools B.S. in Ed., Wilmington College M.A., University of Cincinnati

The class of 1959 has the good fortune of being the first to graduate from the new Madeira High School. However, the class must face certain problems and meet certain responsibilities that arise from their enjoying this privilege. They must adjust themselves, and through their leadership, the whole school, to new school situations and patterns. They must, to a great degree, establish the school customs and traditions that make a school a living institution rather than a group of buildings. I am confident that the Seniors of 1959 will fulfill their responsibilities in planning and building constructively for the future.

Mrs. Helen Strifler Office Secretary

The Superintendent

MR. HERBERT DERICKS Principal of Madeira High School B.S. in Ed., University of Cincinnati M. in Ed., Xavier University

The Principal

Graduation opens doors of opportunity that were closed before. It is necessary for those who graduate to take advantage of this opportunity.

The information learned, the skills developed and the attitudes acquired while in high school furnish a bridgehead from which a person may direct his life into a chosen field.

It is now time to put to use those four years of preparation. It is my sincere desire that all of the experiences of Madeira High School will provide a basis for a complete, successful, happy and profitable life.

MRS. SADIE MERRITT

Assistant Principal

"Aim high; if you miss your mark, then you won't go so low." This was the advice given me when I entered Marietta Business Institute at the age of eighteen. I have always valued and cherished this advice because it seems to have helped me to make life a series of goals, aims, and challenges with never enough hours in the day to do all the things I have wanted to accomplish.

Regardless of your material successes as you go through life, you will soon realize "how little money can buy," and that life can really be worth living when you can find enjoyment in the simple, beautiful things of life and can set for yourself a day by day program and purpose—and finally a real philosophy of life.

Take your battles of life day by day; that way you can conquer them. Aim high; you will probably hit your mark.

Above: The Student Council visited one of the Board of Education's meetings and found it to be of great interest and inspiration to see how the members devote many hours unselfishly to the Madeira School System. The Student Council

The Madeira High School Student Cooperative Activity Council is the only organization of the high school which is directly affiliated with the administrative offices and at the same time is made up of representatives of every home room. The Council sets the goals of good citizenship, self-discipline, and initiative. The Council further seeks to enlist the services of all members of the student body in its many tasks and projects. The Bookstore, assembly programs, student handbook, the jukebox, Career Night, and Back to School Night are the important programs which the Student Council undertakes and manages in cooperation with students, parents, and teachers.

A member of the National Association of Student Councils, Madeira's Student Council is proud to have had recognition in this organization's publication, Student Life. Also a member of the State Association of Student Councils, Madeira also participates in the State Convention, the Eastern Hills League Schools Sportsmanship program, and the Greater Cincinnati Association of Student Councils conferences and meetings.

Members of Council are elected after the seventh week of school. Class presidents are automatically members. Home room teachers nominate candidates to Council; the student body elects.

Below: Our beautiful new auditorium is ready for one of the many interesting assemblies sponsored by the Student Council.

The office of Mustang Echoes, the school newspaper, is a busy place when deadline time comes. Typing, pasting, and writing fillers, under the direction of Mrs. Barrett, keep the staff occupied for many hours.

When the paper is finally published and distributed, students have a complete record of all activities and happenings at M.H.S.

By participating in the creation of the paper,

the members of the staff gain journalistic knowledge and practice in their particular fields of interest.

The many phases of the publication of the newspaper include writing, drawing, typing, advertising, business management, and selling. Also, the staff's personnel learn to cooperate with each other, as they perform their duties.

Latin Club

The purpose of the Latin Club is to provide the student with a more thorough knowledge of the classical tradition of ancient Rome. Further, it provides purposeful and pleasurable projects in local, state, and national activities of the club.

The membership is open to the freshmen Latin students who have a "B" average or better; sophomores who are passing Latin; juniors and seniors who have passed two years of Latin.

The most ambitious project of the club is its Roman banquet, at which new members are inducted. Also delegates are sent to the state meeting in Columbus which takes place in the spring, since the local organization is affiliated with the state and national Junior Classical League.

Electronics Club

The Electronics Club was formed this year under the guidance of Mr. Combs.

Membership consists of freshman and sophomore boys who are interested in learning about the fundamentals, technical aspects, and opportunities in the field of electronics.

The club plans to have various projects such as a radio station at M.H.S. within the next few years.

Anyone interested in electrical or electronic engineering should belong to this club.

Hi-Y

The Hi-Y Club is sponsored by the YMCA, and is a voluntary organization for boys in the 10th, 11th, and 12th grades.

The purpose is "To create, maintain, and extend throughout the school, home, and community, high standards of Christian character."

Anyone who is willing to accept its purpose and cooperate with others in carrying it out is welcome to join.

The main purpose of GAA is to promote and maintain an active interest in good sportsmanship. Each girl in GAA has the chance to participate in any intramural or interscholastic sport. In addition to the regular sports of hockey, basketball, volleyball, and softball, the girls enjoy such outings as bowling, swimming, and hikes.

The smell of hot dogs and hot chocolate was a pleasant aroma for the fans in the stands at football and basketball games. Under the leadership of Jean Adler and Diane Bokelman, moneymaking chairmen, the profit from the sale of food doubled this year.

Miss Mary Parker, our adviser and interscholastic coach, has done much to create interest in GAA along with the officers: Janet Doerr, President; Carol Davis, Vice President; Barb Moorhead, Secretary; and Sue Saik, Treasurer.

The Christmas formal was one of many successful projects. The awards banquet, Easter project, and formal initiation were others. With these many activities it was hard to find an idle GAA member at Madeira High School.

Future Teachers of America

The W. Marshall Sellman Chapter of Future Teachers of America was formed last year. Mrs. Lyon, the adviser, and the members hope to see their club become one of the major organizations of Madeira. Membership is open to all students interested in higher education.

Senior Secretarial Club

The S.S.C., a comparatively new organization at Madeira, consists of a group of girls who plan on becoming secretaries after graduation. Each girl must be in her second year of shorthand and must be able to type to be eligible for membership. Besides developing its members for future secretarial work, the club stands ready to assist the school staff with any typing or office work that may be needed. This organization is rapidly becoming a popular and essential part of Madeira's Business Education Program under the guidance of Miss Romano.

Spanish Club

The newly organized Spanish Club, under the supervision of Mr. Victor Effler, is for Spanish students, past and present. The grade requirements are "B" for Spanish I, and "C" for Spanish II. Highlights of this new club are an annual banquet, complete with Spanish food, music, and entertainment; meetings every fifth Tuesday; giving a play completely in Spanish; and above all, promoting an interest in not only the Spanish language, but in Spanish customs and traditions.

College Club

The College Club is a newly organized group, in the academic field, for those who intend to further their education. It is under the capable guidance of Mrs. Dickens.

At the meetings different representatives from colleges in Ohio talk about the institutions which they represent. Scholarships that are being offered and the procedure used in applying are discussed.

The purpose of the College Club is to help the members choose a college that would be best suited to them. This newly formed club includes seniors, and juniors who will be admitted at the beginning of the second semester.

The MHS Chorus

Upon walking down the halls of the Commons Building you are likely to hear four part harmony on "Ode to Democracy" or "Black is the Color," and many more beautiful selections chosen by our director, Mr. Benedict.

The Chorus brightens up the various school programs with its music. One of the major activities is the Chorus and Band Concert held at Christmas and in the spring.

The Madeira High School Band does a terrific job, either on the field playing for a halftime show in football season, or giving a band concert in the spring.

Since M.H.S. has a new band room, the students have been able to do a lot more than they have in previous years. Also, there is a lot more work for the librarians.

Our band director, Mr. Charles Medert, really knows his music. Besides working here, he plays trumpet, vibraharps and string bass professionally, and arranges for professional music groups.

The officers are as follows: Charles Britton, President, Bob Sussin, Vice President; Barbara Boyd, Treasurer; and Marjorie Mueller, Secretary.

Band Officers, Managers, and Librarians: D. McKnight, C. Couch, B. Geier, N. Gulley, C. Runions, M. Bradley, J. Hogue, B. Sussin, B. Boyd, President; C. Britton; M. Moeller.

The 1959 Mnemonic Staff

The Annual Staff has worked very hard to bring you the "59 Mnemonic." At the beginning of the school year, an assembly was given to promote annual sales, and within a week many of the homerooms were 100% sold.

A summer supplement was added this year to provide you with a complete account of your school year. We hope this annual will recall many pleasant memories at Madeira High School.

GYMNASIUM

A Great Season

Football is definitely on the upswing at Madeira and Bill Hoffeld and his boys can look back with pride on the 1958 season. With the boys becoming more accustomed to Bill's style of play, the Mustangs completed one of the finest seasons in Madeira's history. The Blue and Gold finished with a sparkling 6 won and 2 lost record. It wasn't uncommon for the Mustangs to score 30 or 40 points a game, and in five contests our stout defense held the opposition scoreless. It's hard to lose many games playing that kind of ball!

A bitter 6-0 defeat the hands of Mariemont's Warriors cost the Mustangs the league championship. Nevertheless, the fellows won all of the other league tilts to finish in the second spot with a brilliant 4-1 record.

Basketball has always been a favorite at Madeira and this year was no exception. With the beautiful new fieldhouse completed behind schedule, the boys were a little disappointed since they were forced to practice and play many of the games in the former high school gym. But they didn't let this faze their spirits.

"Doc's" squad finished the first nine games of the season with a highly respectable five won and four lost record, playing most of the encounters on the road which is an obvious disadvantage. The Mustangs also annexed second place in the Country Day Christmas Tournament to bring home a handsome trophy.

In quite a few of the tilts, the Mustaings have shown signs of greater things to come. With our fine coach and the spirit and ability of our team, we're sure that this season ends us as a highly successful one.

Junior Varsity

Head coach Charles Hartley had his trouble at the start of the past roundball season. Playing with quite a few promising freshmen from last year's highly successful Junior High team, Mr. Hartley was looking forward to winning a lot of games. But injuries, and illness hit a few key players and took its toll in losses. The boys never lacked in spirit though, and with the return of some players, we hope to report of many victories in the supplement later on.

Varsity Baseball

Quite a few boys at Madeira love to get out-of-doors at the first sign of warm weather and take part in our national pasttime, baseball. It's no secret that "Doc," the head coach, has a great love for the game since he played professionally.

The baseball season for high school teams is relatively short. Only nine games were played in the '58 season. Last year the Mustangs didn't finish with a world-shaking record, but played good baseball and ended up with three wins and six defeats.

Pep Club

Every team member wants to know that his fellow students are behind him, and due to the fact that the students want to participate in cheering their team to victory, the MHS Pep Club was organized under the guidance of "Doc" Voshell. It has become a very important part in the athletic program.

During the year the members of the Pep Club have worked hard to create and encourage school spirit and good sportsmanship. Various organized activities such as group cheering, and a cooperative arrangement with the Boosters for the assemblance and distribution of game programs at home football and basketball games have led the way for a more spirited group.

ARTS & CRAFTS

Madeira's new Arts and Crafts Building houses not only a new and different shop, but a spacious and modern art room. The art room is truly a dream come true for Mrs. Elberty, MHS art teacher, who does a fine job at not only the high school, but at all Madeira schools. Mr. Zarley and his boys, really appreciate the many new conveniences of our shop. New mechanical drawing desks are appreciated by teacher "Doc" Voshell and Mr. Zarley, as well as the students.

MADEIRA HIGH SCHOOL MADEIRA - OHIO

Senior Class

"Actions, not words, are the true criterion of the attachment of friends."

Although Nancy was new to Madeira High this year, she quickly won the hearts of her classmates and teachers alike. Nancy and her fine personality and friendly manner have been a welcome asset to M.H.S. Nancy acquired a part in the class play and did a fine job in this activity as she did in all activities. Good luck, Nancy, in everything you do. Madeira was proud to have you even for one year.

RICHARD WEIGEL
"I've never met a man I didn't like."

Dick's winning manner and keen sense of humor have won for him many friends. Rich has contributed much to the sports here at Madeira, and his sportsmanship and ability have greatly spurred the mighty Mustangs on to victory. With his ability to work hard and have fun too, he is sure to be a success in whatever he attempts.

Dedication Night!

Right: Mr. Sellman, Dr. Colter and Mr. Dericks scan the Dedication pamphlet.

March 23, 1959, will long be remembered in the history of our beautifully new and different high school. On this night the new Madeira High School was dedicated in the new auditorium which held its capacity of over 600 parents and friends. The stage was filled to capacity with the chorus, band, officials, and guests. After the brief but impressive ceremony the Student Council, under the direction of Mr. Lang, conducted precision timed tours of the new campus. The evening was as successful as it was important.

Above: Jinnie Friedrichs hands out the pamphlets to Madeira's guests on Dedication night.

Right: The American Legion Color Guard advances to present the flag to the new school.

Spring Sports

Above: Instructor Richard Kleinschmidt helps Tim Yeomans perfect his tennis strokes.

Left: J. Covert, B. Hampel, R. Pister, T. Yeomans, T. Covert, and H. Wittle are off for another winning match at the tennis courts.

Senior Play

"The Little Dog Laughed," and so did all the students, teachers, parents, and friends who saw the 1959 Senior Class Play, April 10. The play was about a college sophomore who studied psychology and then tried it out on her family and friends.

Several of the memorable scenes are pictured on this page! Remember those "energy peak" tests! Poor Paul and Steve, they really got full of paint or was it shaving cream? And how about that romantic couple Linda and John? No one will ever forget Mike's antics as the teenage brother! Yes, the seniors really enjoyed the tryouts and many long hours of practice for the presentation of one of the most enjoyable plays given by a senior class.

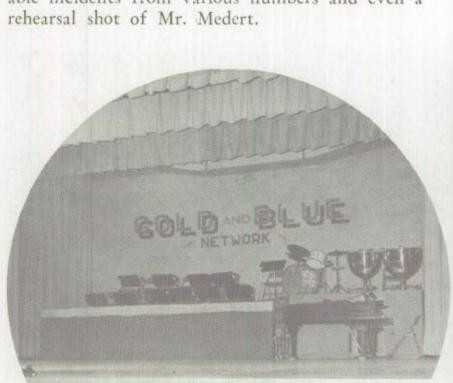

1959 Variety Show

"The Gold and Blue Network is on the air." This was the beginning of the 1959 annual M.H.S. Variety Show. Under the expert guidance of Charles Medert, Gardner Benedict, and many others, the show was a true highlight of the spring.

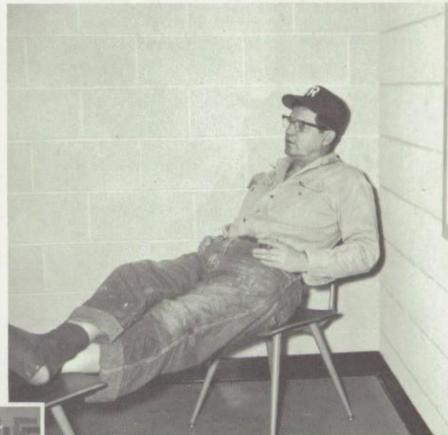

The television theme gave much leeway for various vocal acts, comedy routines, and dance numbers. The new stage provided more than enough fine space for the band, stage hands, and of course, the actors and actresses. Many long hours of hard work brought much satisfaction to the entire cast after the excellent performance given on opening night. The show was presented on the night of May 16 and May 17. It will long be remembered as the first Variety Show given at the new Madeira High.

Pictured on these two pages are some memorable incidents from various numbers and even a rehearsal shot of Mr. Medert

Baccalaureate

Baccalaureate services were held at 8:00 p.m. on Sunday, June 7, in the new high school auditorium. The service was conducted by the clergymen of Madeira. Rev. Louis Bell of the local Methodist Church, delivered the sermon to the class.

Graduation!

We, the members of the class of '59 will never forget our years at Madeira. Remember, our freshman class year in the fall of '55? We were fun loving and insecure. Then came our sophomore year, we were still fun loving, but a little more grown up and in the routine of high school ways. Next came a very important year, we were upperclassmen. A feeling of prestige and importance was felt when we chose our beautiful blue class rings and sponsored the junior-senior prom. Not only did we feel prestige at the Terrace Park Country Club, but also when we had our sock hops and candy bar sales.

Now in the spring of '59, we are seniors—the tops, at the best school around. Our senior year was spent in an ultra-modern campus style high school that the community provided for us. As the school year progressed the new school captured our hearts and finally our spirits.

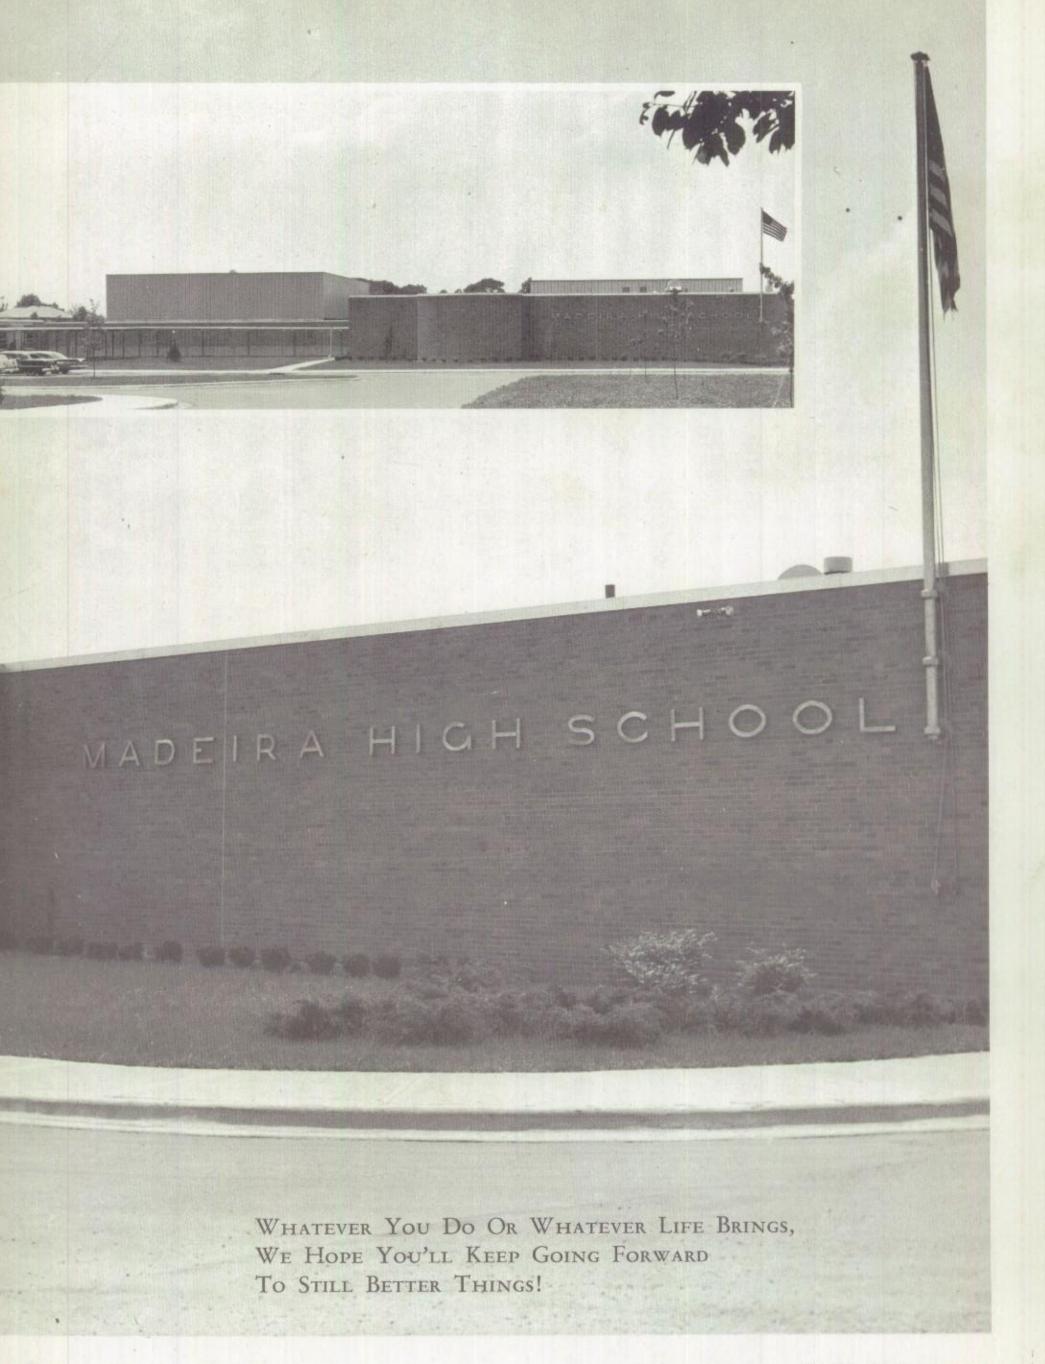

This past year at our new high school was highlighted by: the best football season in quite a few years; waiting patiently for that first basketball game in our new gym; trying out for a part in the senior play; "having a ball" in Washington, D. C.; dancing to the strains of "I'll Remember Tonight" at the Junior-Senior Prom; and of course, that big day. The graduation ceremony was beautiful in our new auditorium. The end, and yet the beginning.

So it went, four of the happiest years of our lives, yet deep inside we know again, even as seniors, a feeling of insecurity as to what our future will contain.

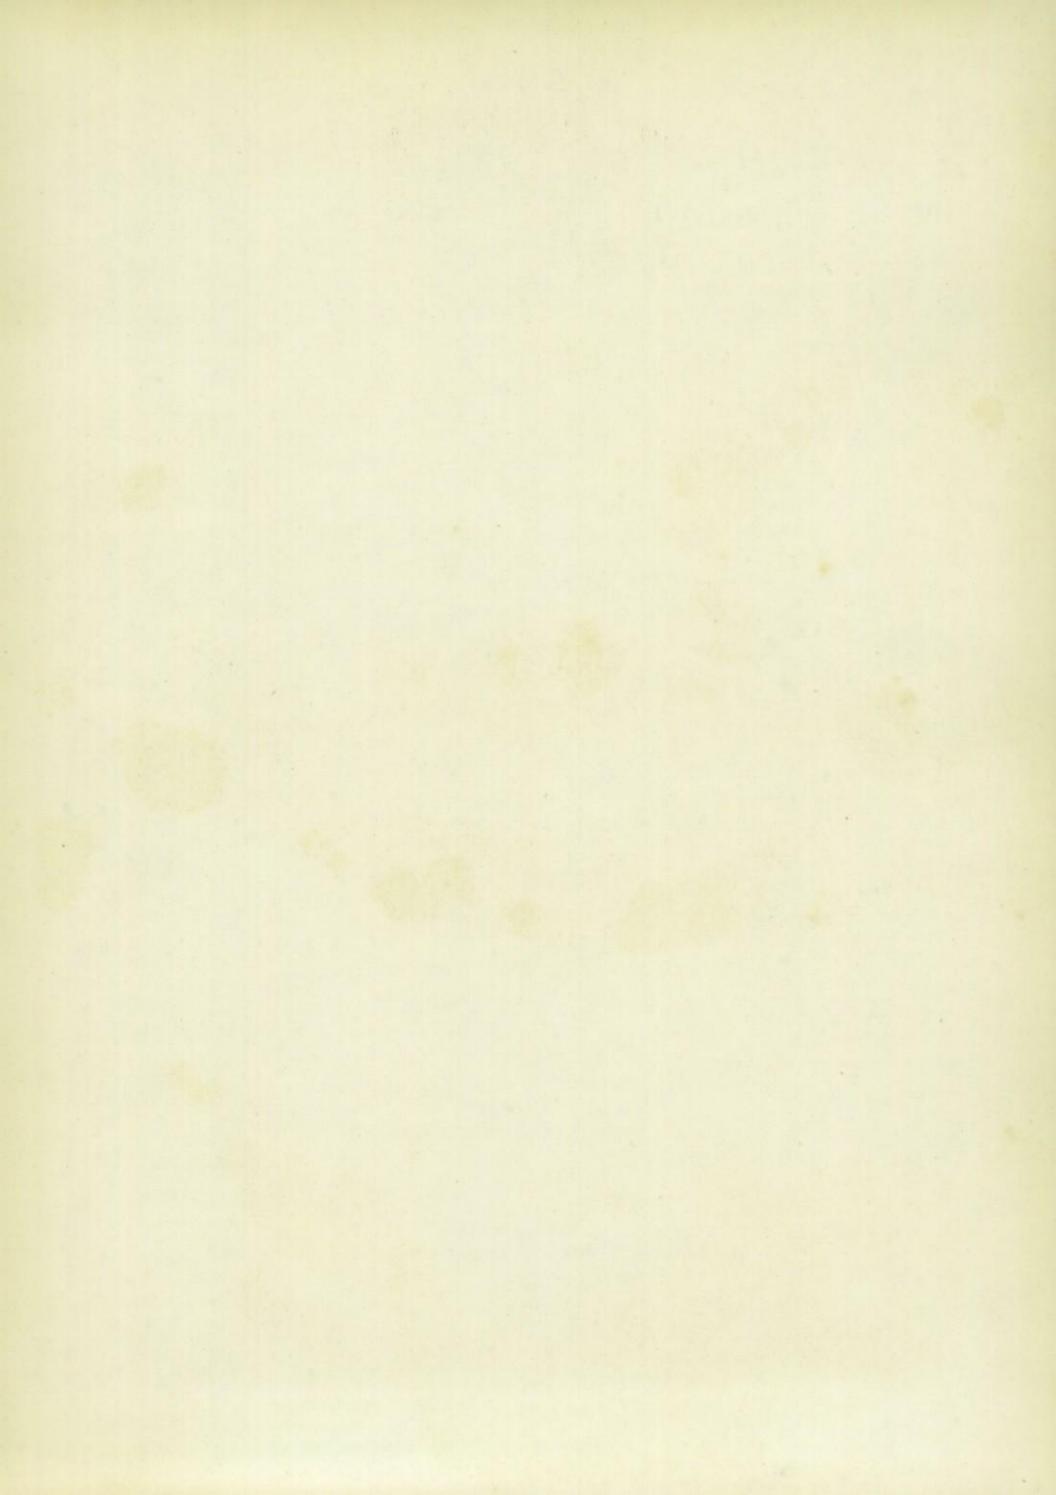

Four years in high school has provided us with the knowledge that our world has no limits, our joys no bounds, success and happiness are waiting for us, the class of '59.
